Date
Signature

Background Information

On December 9, 2014, the District entered into an Agreement with SHI International for the purpose of procuring Microsoft products. The term of the Agreement was for three (3) years, with the option of extending the term for a period of two (2) additional years. The Agreement is important to a number of other school districts in California because they can obtain Microsoft products through the District Agreement, pursuant to a "piggyback" clause.

The District requests the Board to extend the term of the Agreement for a period of one (1) year. This will insure continuity of products and services.

Fiscal Analysis

The term of the Agreement Extension shall be for one (1) year. No fiscal change at this time.

Recommendation

It is recommended that the Board of Education approve a one (1) year extension to Agreement No. A15.151 between the District and SHI, with the new Agreement term ending on December 9, 2018.

On Motion #70 by Trustee LaBelle, seconded by Trustee Blough and carried by a vote of 4/0/1, the Board Education approved, by roll-call-vote, an extension to Agreement No. A15.151 between the District and SHI International Corporation.
